**Notes to Consolidated Interim Financial Statement
June 30, 2002
(Unaudited)**

1. BASIS OF PRESENTATION

The consolidated financial statements contained herein include the accounts of Crowflight Minerals Ireland Limited.

The interim period consolidated financial statements have been prepared by the Company in accordance with Canadian generally accepted accounting principles. All financial summaries included are presented on a comparative and consistent basis showing the figures for the corresponding figures in the preceding year. The preparation of financial data is based on accounting principles and practices consistent with those used in preparation of annual financial statements. Certain information and footnote disclosure normally included in consolidated financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. These interim period statements should be read together with the audited consolidated financial statement and the accompanying notes included in the Company's latest annual report. In the opinion of the Company, its unaudited interim financial statements contain all adjustments necessary in order to present fair statement of the results of the interim periods presented.

2. NATURE OF OPERATIONS AND GOING CONCERN

The company is in the business of acquiring and developing mineral properties. There has been no termination whether properties held contain ore reserves which are economically recoverable. The recoverability of valuations assigned to mineral properties is dependent upon the discovery of economically recoverable reserves, confirmation of the Company's interest in the mineral claims, the ability to obtain necessary financing to complete development, and upon future profitable production for proceeds from disposition.

These consolidated financial statements have been prepared on a going concern basis.
